**Subject:** RE: Anton Hanekom - Plastics SA re business confidence initiative

Dear John,

Sorry for the delay in responding to this mail.

We are sending this request to roughly 50 different size companies in the plastics industry. We seem to have a positive response of companies that would like participate. We will link them directly with BER.

On the innovation awards side – we do not have any nominations from my side. I know Karl indicated they might nominate one of their products again.

Regards

Anton
